Overall Length:

50.000 inches

End Application:

Agavgsafety and survival material (e-nsn isil)

Webbing Material:

Polyamide nylon

Safety Pin With Streamer:

Included

End Loop Location And Quantity:

1 both ends

Criticality Code Justification:

Agav

Product Name:

Inavy: bridle cord, pilot parachute

Special Features:

Next higher assembly is a/p22p20 pse; assembly is comprised of sage green spectra cord and a curved pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T101-g
