Overall Length:

96.000 inches

Overall Width:

108.000 inches

Product Name:

Type v aerial delivery platform

Special Features:

8 ft. Lg.; low velocity airdrop (lvad) 2500-42000 lb.); fits 463l type dual rail restraint system; platform payload weight item suspended up to 40, 000 lb.; platform payload weight platform suspended up to 28, 000 lb.; typical deployment speed 140 knots ias; typical deployment altitude 1, 000-1, 500-ft agl

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
