Aerial Delivery Cargo Platform Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1670-01-530-0984

Overall Length:
96.000 inches
Overall Width:
108.000 inches
Product Name:
Type v aerial delivery platform
Special Features:
8 ft. Lg.; low velocity airdrop (Ivad) 2500-42000 lb.); fits 463l type dual rail restraint system; platform payload weight item suspended up to
40, 000 lb.; platform payload weight platform suspended up to 28, 000 lb.; typical deployment speed 140 knots ias; typical deployment
altitude 1, 000-1, 500-ft agl
Material:
Aluminum
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
