**Overall Length:**

96.000 inches

**Overall Width:**

108.000 inches

**Product Name:**

Type v aerial delivery platform

**Special Features:**

8 ft. Lg.; low velocity airdrop (lvad) 2500-42000 lb.); fits 463l type dual rail restraint system; platform payload weight item suspended up to 40, 000 lb.; platform payload weight platform suspended up to 28, 000 lb.; typical deployment speed 140 knots ias; typical deployment altitude 1, 000-1, 500-ft agl

**Material:**

Aluminum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
