Width:

3.000 inches

Overall Length:

5.500 inches

Overall Height:

1.060 inches

Bolt Hole Quantity:

4

Bore Inside Diameter:

Between 2.250 inches and 2.252 inches

Bolt Hole Size:

0.250 inch , 0.251 inch diameter

Special Features:

Center to center distance between bolt holes: 4.500 inch between centers along the length, 2.000 inch between centers along the width

Material:

Aluminum alloy

Material Specification:

Qq-a-367 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524a0
