Terminal Quantity:

15

Terminal Type:

Wire lead

Gripping Accommodation Type:

Enlarged end and finger notched and serrated

Mounting End Type:

Internal

Mounting End Length:

1.716 inches

Switch Type:

Trigger

Mounting End Diameter:

Between 1.250 inches and 1.252 inches

Variable Resistor:

Not included

Cable Length:

75.000 inches

Grip Material:

Plastic

Grip Length:

6.531 inches

Design Type:

Pistol

Switch Quantity:

3

Mounting End Bolt Hole:

Included

Switch Location:

Top

Switch Marking:

Red color actuator, white /nose up-nose down-rwd-lwd/ red trigger red buttons, white /auto flight/ mic uws/ emer dir man/

Electrical Cable:

Included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T312-n
