Overall Length:

9.00 inches

Overall Diameter:

0.875 inches

Product Name:

Push pull rod assembly, directional control, co-pilot

Special Features:

Axial proof load = 2000lbs

Special Test Features:

Rod end orientation = 90 degrees

Supplementary Features:

Ultimate destructive load = 3750lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
