**Body Diameter:**

3.150 inches

**Body Length:**

32.720 inches

**End Application:**

C-5a/b acct

**Stroke Length:**

32.780 inches

**Design Type:**

Linear

**Criticality Code Justification:**

Feat

**Product Name:**

Actuator assembly, mechanical, linear

**Special Features:**

Flap/slat actuation critical to operation of aircraft

**Reference Number Differentiating Characteristics:**

As differentiated by source control

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A524x0
