End Application:

F-16 aircraft

Functional Description:

Used on 1647221-5; part of 1685t100 actuator

General Description:

Diameter .938 inch; thickness is .0305 inch and .0295 inch ; material 17-4 ph, heat treat condition h900 per tcs 231, alternate materialspecial ams 5643

Type/model Designation:

F-16c air combat fighter; tail effectivi type 5c 0001 9999

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
