End Application:

1680-01-049-8910

Functional Description:

Ejection seat firing control

Reference Data And Literature:

T.O.13a5-56-11 figure 7-20 index 59

General Description:

Carbon steel; cadmium plated qq-p-416 type 2 class 3; round cross section; flanged base end; second end 0.19032 unf 2b thread internal to mate w/ screw p/n ms35207-260

Type/model Designation:

J114935-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
