End Application:

B-2 aircraft

Features Provided:

Spring loaded

Special Features:

Manufacturers suggested name - cartridge assembly, control feel augmentation; functional description - the cartridge assembly incorporates the utilization of spring tension to provide the crew with an artificial feel equivalent to surface deflection and maneuver rate. In addition, the springs mounted within the cartridge assembly serves to return the yaw mechanical controls to a neutral position after inputs and return the sensor output to null

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
