Coating Material:

Plastic

Environmental Protection:

Water repellent and oil repellent

Layer Quantity:

1

Coating Material Location:

One side

Layer Material:

Fiberglass

Product Name:

Insulation blanket assembly

Special Features:

Precut fiber glass with plastic coated top and bottom; cut to fit between frame and stringers of the e-3a aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T230-b
