Gripping Accommodation Type:

Any acceptable

Mounting End Diameter:

1.500 inches

End Application:

Hh/mh-60g

Variable Resistor:

Not included

Grip Length:

8.870 inches

Design Type:

Pistol

Mounting End Bolt Hole:

Included

Switch Marking:

Gray color emergency release, graycolor*black color stick trim, black color*gray color e.W. Mode, gray color*redcolor weapons, red color*red color nav dimming, red color*gray color trim rel ease, gray color*black color flare/chaff despense, black color*gray color hoist, gray color*red color cargo rel, red color*black color ahhs zero, blackcolor

Product Name:

Grip assembly cyclic iccg

Special Features:

Copilot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T312-n
