Overall Height:

3.790 inches

Overall Width:

3.940 inches

End Application:

Sh-2 (a) seasprite helicopter

Special Features:

Sincludes one fillter housing p/n k874561-011, one screen p/n k874561-013, and one cap p/n k874561-015; anodize per mil-a-8625, type ii, class i; pressure tested at 10 psi for leakage; two 0.281 in. Dia. Holes used for mounting

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
