End Application:

Hud test set group

Mounting Configuration:

Mounting plate w/three .255 diameter holes

Frame Length:

3.800 inches

Frame Width:

3.800 inches

Mirror Material:

Aluminum alloy, qq-a-250/11, alloy 6061

Mirror Shape:

Rectangular

Product Name:

Mirror assembly, rear, aircraft

Special Features:

438 plate is stainless steel, type 304

Supplementary Features:

375 plate aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T312-g
