End Application:

Eh101 helicopter

Center To Center Distance Between Link And Shaft Holes:

1.100 inches

Shaft End Thickness:

0.300 inches

Product Name:

Fitting, torsion tube

Special Features:

Black hard anodize

Material:

Aluminum

Surface Treatment:

Anodize

Style Designator:

One hole tongue link end, securing hole shaft end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524p0
