Body Length:

8.000 inches

Body Width:

0.500 inches

End Application:

F-16

Stroke Length:

Between 5.985 inches and 6.015 inches

Design Type:

Linear

Product Name:

Potentiometer, linear-seat position sensor

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524x0
