End Application:

E-2c hawkeye 2000 aircraft

Accessory Components And Quantity:

Cb identification plate 1; circuit breaker 1; s.C. Diode 1; connector, rcpt 1; box assembly-batt 1; screw, pan head 4; nut, hex self locking 4; washer, flat plain 4; terminal lug 3; sc kit 1

Criticality Code Justification:

Agav

Product Name:

Inavy) box assembly-electrical, cains battery backup

Special Features:

Name plate legends as follows: 1st line gac 37a18, second line 123av51702-1, third line battery backup

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
