End Application:

Ainan/ric ar llf00r993

Usage Design:

Control room equipment group

Indicator Type:

Light

Panel Material:

Aluminum alloy or steel

Criticality Code Justification:

Agav and feat

Product Name:

Iflols shipboard system

Special Features:

For use with (iflols) improved fresnel lens optical landing system (iflols shipboard system)

Special Markings:

Lens room electronics enclosure unit 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T122-b
