Effective Length:

183.000 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Stainless steel

End Application:

C-17a aircraft

Core Diameter:

0.185 inches

Core Processed End Connection Type:

Nonadjustable connector

Product Name:

Control assembly, push-pull, threaded rod ends

Core Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
