End Application:

Mv-22 aircraft

Criticality Code Justification:

Agav

Product Name:

Aircraft, terminal, m

Special Features:

Lug terminals shall be fabricated from copper conforming to astm b-75-02, astm b133, astm b272, or astm b152. Terminals shall be tin plated over the entire surface i/a/w astm b339 or astm b545

Material:

Copper

Supplementary Features:

Test / quality reference: vtde 132544, 139975

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
