Overall Length:

1.500 inches

Overall Height:

2.311 inches

Overall Diameter:

1.656 inches

Criticality Code Justification:

Feat

Shell Material:

Aluminum alloy

Shell Surface Treatment:

Cadmium and nickel

Product Name:

Adapter, connector, accessory, emi, rfi, emp, shield terminating, self-locking

Special Features:

Emi, rfi, emp, shield terminating

Special Test Features:

Material/finish code: al alloy, od cad over ni, selective plate 500hr with polysulfide barrier

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
