Overall Length:

29.290 inches

End Application:

Mh60

Hole Quantity:

41

Product Name:

(inavy)seat track

Aircraft Location:

Lower cockpit aseat

Aircraft Mission Design Series:

Mh60

Special Features:

Holes have a 0.098 inch diameter

Material:

Aluminum alloy 7075

Material Specification:

Ams-qq-a-200/11 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
