Product Name:

Pressure sensor - liquid cooling system

Special Features:

Size: 2" diameter x 4" l; weight: .5lbs; material: 304l stainless steel housing: ethylene glycol and reagent water liwuid cooling system supply pressure sensor; 0-250 psig, output voltage 0.5 to 4.5 vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
