Bore Diameter:

28.0 millimeters

Specific Usage Design:

Panel or door lifting

Compressed Length:

535.0 millimeters

Extended Length:

935.5 millimeters

Features Provided:

Ball lock

Design Characteristics:

Single acting ram

Mounting Type And Location:

Ball socket both ends

Product Name:

Lift shock

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511s0
