Width:

Between 1.953 inches and 1.965 inches

Overall Length:

Between 2.815 inches and 2.825 inches

Overall Height:

2.250 inches

End Application:

Hoisting sling - aircraft, part no. 123gt10199

Bore Inside Diameter:

Between 1.252 inches and 1.254 inches

Product Name:

Trunnion

Special Features:

Nha - part no. 123gt10214

Material:

Stainless steel

Specification Data:

Ams5643 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524a0
