Width:

10.50 inches

Thickness:

0.12 inches

Length:

9.75 inches

Mounting Hole Quantity:

0

End Application:

E-2d

Cushioning Material:

Plastic, polyethylene foam, mil-c-46842

Mounting Method:

Press fit

Product Name:

Foam pad, contents chart

Special Features:

Material shall be constructed using cross linked polyethylene foam, black plastazote Id45, color: black; pad shall have one surface coated with a high-tack pressure-sensitive 3m 300 adhesive transfer tape or equivalent. Which shall be covered by a protective sheet that can be easily removed before use; next higher assembly is 3999as1000-1

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
