Overall Length:

7.0 inches

Overall Width:

5.5 inches

Material Thickness:

3.8 inches

End Application:

Ah-64d

Product Name:

Ballast block, fwd f

Aircraft Mission Design Series:

Ah-64d

Special Features:

Material is tungston alloy

Material Specification:

Ams-t-21014 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
