Overall Length:

3.80 inches

Overall Width:

1.00 inches

Material Thickness:

1.60 inches

Product Name:

Flipper, guide assembly

Aircraft Location:

Forward fuselage

Aircraft Station Number:

Sta 269.00, sta 309.00

Special Features:

Nha: door track

Material:

Aluminum alloy 7075

Material Specification:

Ams-qq-a-250/12 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
