End Application:

Bak-14 system

Product Name:

Site control system w/o radio

Special Features:

Consists of 100 cable ties, 6 ring terminals, 1 cover plate, 2 rectifier, 1 resistor, 2 receptacle terminals, 2 mounting bracket batteries, 1 12 vcd battery, 1 power supply, 2 metal oxide disc varistor, 1 terminal strip assembly, 2 250 vac type 1 fuse, 2 250 vac type f fuse, 1 ribbon cable assembly, 1 control module assembly, 1 modem, 2 module mounting plate, 2 din rails, 6 10 pole, 30 amp jumper bar, 6 jumper bar insulator, 16 ac input module, 1 digital module, 1 output module, 6 ac output module, 1 enclosure mounting plate modification, 1 enclosure modification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
