Extended Length:

59.000 inches

Design Type:

Adjustable

End Block Length:

36.000 inches

End Block Width:

8.000 inches

End Block Height:

6.000 inches

Construction Method:

2 blocks connected by ropes

Material:

Wood

Material:

Wood

Fsc Application Data:

Aircraft ground servicing equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T244-a
