End Application:

U/o type a/e37k1 munitions handling, equipment

Product Name:

Loader, bomb ejector rack

Functional Classification:

Hh-1.5

Functional Description:

Used to support conventional munitions during assembly operations and subsequent transfer to multiple/triple ejection racks

Reference Data And Literature:

T.O. 35e33-3-1

Relationship To Similar Equipment:

Loader; 1730000458383

General Description:

Dim. O/a 27.0 ft lg; 22.0 ft w; 14.0 ft h

Type/model Designation:

A/e 37k3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
