**Design Type:**

Self-contained

**Movement Type:**

Mobile

**Base Shape:**

E

**Rated Vertical Capacity:**

12.0 tons

**Screw Extension:**

Not included

**Retracted Height:**

43.000 inches

**Functional Classification:**

Gg-5.1

**Special Features:**

2 stabilizers provided

**Functional Description:**

Used to facilitate installation of aircraft main and nose landing gear

**Entry Date:**

80-09-01

**Reference Data And Literature:**

An01-75eeb-2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T244-d
