Overall Length:

148.000 inches

Lift Mechanism Type:

Hydraulic

Lifting Capacity:

10000.0 pounds

Drawbar Type:

Pole

Drawbar Characteristic:

Telescopic

Integral Lifting Device:

Included

Special Features:

4 wheel, mobile, hydraulically controlled unit. May be operated manually with the hand pump or hydraulically with the model 24 aux power pack

Reference Data And Literature:

35d3-3-34-11

Supplementary Features:

Steel frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T277-r
