**End Application:**

F-15 aircraft

**Usage Design:**

Stabilator

**Special Features:**

Aluminum and steel sling which provides a means for hoisting and positioning either horizontal stabilizer assembly during removable/installation; 24 inches long 13 inches wide, 6 inches wide

**Reference Data And Literature:**

To 1f-15a-4-6

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T215-k
