Support Material:

Steel

Design Type:

Hoist or winch

Operation Method:

Manual

Lifting Mechanism:

Included

Support Assembly Method:

Bolted or welded

Support Material Cross-sectional Shape:

Rectangular

Support Construction:

Knocked-down or rigid

Support Height Adjustability:

Adjustable

Sling:

Not included

Hoisting Adapter:

Not included

Functional Description:

Used to mount the an/avq-23 target designator pod to the acft

Reference Data And Literature:

T.O.35d4-4-82-1

Type/model Designation:

Hlu-258/e

Fsc Application Data:

F-4 aircraft age

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T244-c
