Support Material:

Steel

Specific Usage Design:

Lift/lower etu-111/e trailer

Design Type:

Hoist

Operation Method:

Manual

Lifting Mechanism:

Included

Support Assembly Method:

Bolted

Special Features:

C/o supporting frame designed to mount on wing strut and 4 lever-actuated chain hoists which attach to trailer

Supplementary Features:

Operating load capacity chain hoist 2 ea 5 ton, 2ea 3/4 ton

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T244-c
