Ground Handling Equipment Adapter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1730-01-172-0127

Overall Length:
40.000 inches
Attachment Method:
Threaded
Usage Design:
Weapons system component
Functional Classification:
Gg-5.5
Functional Description:
Used to position selector valve for pin extraction and insertion flow positions; provide new positive attachmemt couplings; provide separate
adapters for hydralic actuator pump used onb-52g cruise missle
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A30600
