End Application:
=100-pw-100/200/220
Usage Design:
Engine
Functional Classification:
Hh-1.1
Functional Description:
Jsed during overhaul and maintenance
Supplementary Features:
Weight: 23 lbs; height: 12 in.; length: 58 in.; coupling method: cable hooks/direct attach; control type: manual; lift assembly: t-beam
and cable assembly; lifting arrangement: vertical
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Filg:
Г215-k
