End Application:
F-15 a/c
Functional Description:
Used to supply hydraulic fluid todolly, manual lift
General Description:
C/o reservoir, manifold block, hand pump, filter, needle value, relief value; control value, handle, o/a 13.000 in. Lg, 06.50 in. W, 04.500 in. H
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:

Yes - demil/mli
