Overall Length:

22.750 inches

Overall Height:

1.000 inches

Overall Width:

0.500 inches

Attachment Method:

Slip on collar

Usage Design:

Fuel system component

Functional Classification:

Hh-1.1

Material:

Aluminum alloy

Material:

Aluminum alloy

Fsc Application Data:

On-board inert gas generating system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30600
