Overall Length:

140.000 inches

Overall Height:

20.000 inches

Overall Width:

88.000 inches

Attachment Method:

Bolted

Usage Design:

Aircraft landing gear

Functional Description:

Used to support main landing gear door

Material:

Aluminum alloy

Fsc Application Data:

B-1b aircraft age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30600
