End Application:

Aft engine

Support Material:

Steel, corrosion resisting

Lifting Mechanism:

Not included

Support Assembly Method:

Bolted

Support Material Cross-sectional Shape:

Rectangular

Support Construction:

Rigid

Support Height Adjustability:

Nonadjustable

Slings:

Not included

Hoisting Adapter:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T244-c
