Overall Length:

7.000 inches

Overall Height:

0.750 inches

Overall Width:

1.500 inches

End Application:

C-17 acft

Special Features:

Color red, per fed-std-595

Functional Description:

Used to secure the air deflector during actuator removal/replacement

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
