End Application:

Ac-130h gunship

Safe Operating Load Rating:

130.000 pounds

Support Material:

Aluminum

Specific Usage Design:

Used to remove/replace heavy lru's no.1 and no.4 on the ac-130h acft

Design Type:

Winch

Operation Method:

Manual

Lifting Mechanism:

Included

Support Assembly Method:

Welded

Support Material Cross-sectional Shape:

Square

Support Construction:

Rigid

Support Height Adjustability:

Nonadjustable

Sling:

Not included

Hoisting Adapter:

Not included

Special Features:

Slide assembly, heavybox

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T244-c
