Ground Handling Equipment Adapter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1730-01-452-0523

Overall Length:
7.000 inches
Attachment Method:
Bolted ring
Overall Diameter:
6.000 inches
End Application:
Used on f100-pw-200, -220, -220e, and -229 engines
Usage Design:
Aircraft engine
Special Features:
Nain: fixture, lift-rear compressorrotor, front hub
Material:
Steel, corrosion resisting
Material:
Stainless steel
Relationship To Similar Equipment:
REPL-AC-ESN-SN17
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A30600
