End Application:

C130j hercules

Usage Design:

Engine model ae2100d3

Specific Usage Design:

For support of the turbine assembly during installation/removal of the rear engine mounting

Product Name:

Sling fitting assembly, rear mount

Special Features:

Max rated load, 1750 lbs; next assembly, p/n 3487732; used on item no. 432, drawing no. 3487732

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T215-k
