Overall Length:

539.250 inches

Overall Height:

147.250 inches

Overall Width:

96.000 inches

Special Features:

Global ground support deicer, series gl1800ap, with air plus; truck mounted deicing and anti-icing system; deicing flow rate 60 gpm, pressure 150 psi, fluid tank capacity 1635 gal.; anti-icing flow rated 20 gpm, pressure 50 psi, fluid tank cap 165 gal.

Material:

Steel and aluminum alloy

General Description:

Wheelbase 186 in.; turning radius 451 in., fuel capacity 195 gal.; boom design working height 48.3 ft., horizontal reach 33.6 ft., rotation 370 degrees; basket capacity 350 lbs.; truck chassis, navistar 4700, engine, dt444; transmission, allison at545; total empty weight 28,300lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
