Overall Length:

80.250 inches

Overall Height:

28.380 inches

Overall Width:

51.650 inches

Attachment Method:

Bolted

End Application:

Munitions trailer

Usage Design:

Weapons system component

Functional Description:

Used for transportation of 2.75 rockets

Reference Data And Literature:

Drawing number 200025510

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30600
