Overall Length:

12.000 inches

Overall Width:

9.000 inches

End Application:

B757 acft

Usage Design:

Secures aileron actuator in extended position during maintenance procedures

Warning Streamer:

Included

Product Name:

Lock - aileron actuator

Functional Description:

Clamp & ball lockpin assembly; prevents accidental actuation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T244-b
